

LOCKERS

The Right Product, Price, Delivery!

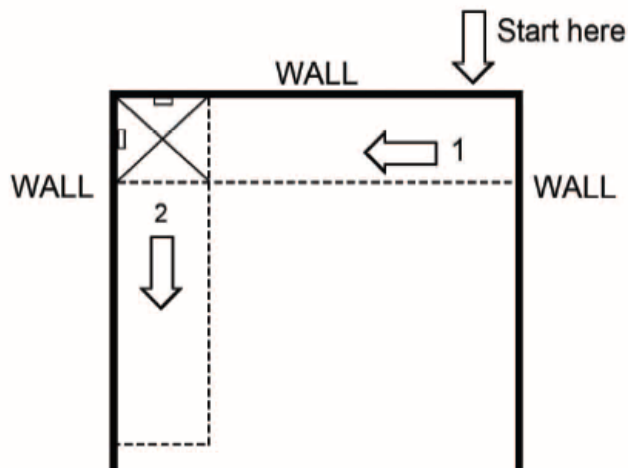

Locker Installation Instructions

Installation Hardware Supplied by Others.

WALL TO WALL STRAIGHT RUN

- Measure locker area between walls. Determine that correct # of lockers will fit.
- Start install with the lockers on the right.
- If space remaining after lockers installed, use fillers to fill space. Install the fillers to left of lockers (if applicable).
- Install top fillers last. Install a support on the wall and rest Top Filler on support and top of locker.
- Tighten all nuts and bolts.
- Adjust doors.

L SHAPE OPEN END

- Measure locker area.
- Start with the lockers from back wall right side (if layout is the reverse from shown, start from the left side).
- Install fillers to left of lockers (if applicable).
- Install some type of blocking on both walls in the corner for top corner fillers to rest on.
- Install side wall lockers.
- Install top fillers last.
- Tighten all nuts and bolts.
- Adjust doors.
